Our Ethical Stance - Building Trust and Credibility

The success of our business is dependent on the trust and confidence we earn from our employees, customers and shareholders. We gain credibility by adhering to our commitments, displaying honesty and integrity and reaching company goals solely through honourable conduct. It is easy to say what we must do, but the proof is in our *actions*. Ultimately, we will be judged on what we do.

When considering any action, it is wise to ask: Will this build trust and credibility for our company? Will it help create a working environment in which our company can succeed over the long term? Is the commitment I am making one I can follow through with? The only way we will maximize trust and credibility is by answering “yes” to those questions and by working every day to build our trust and credibility.

For our customers - We pride ourselves in providing the best products and services by increasing our efforts to further improve quality, productivity and to meet the customers' requirement for uniform, consistent product at a competitive price.

For the environment - We are committed to act responsibly to achieve our goals of ensuring we are environmentally responsible in all aspect of our operations, comply with legislations, continuously improve management and reporting of environmental issues

For our employees - Our employees are our greatest assets, and we continuously strive to build a respectful, equitable, fair, and diversified working environment where all our employees can thrive in their respective functions.
